A COTEMPORARY exhibits good judgment in giving some such advice as this to the public? It your business prosbects are bilious at this time of year, administer good doses of advertising, and on the allopathic plan, and repeat the treatment until convalescence sets in, and then continue it to keep up good boolth.

Ir is a singular fact that while the west clamored for and imperiously demanded a repeal of the bankrupt law, the east begged piteously, piteously, for its retention. Now, why is this, if the west is so badly in debt and so hopelessly bankrupt? Is it the "capitalist" secon that needs bankrupt laws, or the debtor section?

THE Bock Island Argus heads an article: "Repeal the resumption act, and let resumption take care of itself." That's it exactly. A whole column couldn't express the idea more clearly. That's what should have been done in the first lace; let resumption take care of itself, pass no law about it at all. But the eing passed, right the wrong by re It instanter.

THE approaching political contest in this state promises to be one of the most live ever witnessed in Illinois. In my localities the so-called Nationals dove-talling in with the Republicans, th a view of securing a few Republi-Nationals to the legislature, with the of aiding the Republicans to elect or Oglesby to the United mate over some Democrat.

was partially "untwo or three months ut all disguise is now removed, e programme is no longer a secret knowing ones of the two parties. lew of this "grade" the Nationals up two "solid" Republicans for state rs, and in the event that the Repub-"endorse" it, the "Nationals" in legislature-it any of this class should elected-are to support the Republicaucus nominee for United States senator, be it Logan, or any other man.

THE Naw York 'Hearld' takes a credstable position when it refers to the Bishop McCoskrey case as follows: The story about the aged bishop of Michigan was offered to the 'Herald' beforest appeared in the Chicago 'Times,' but we declined it on the ground that the mmorality charged had not come under the cognizance of any court of justice or scclesiastical body, and that the press has no right to make men intamous by publishing calumnies which can be traced to no responsible source. We must not be understood to mean that unworthy men in the ministerial profession ought not to be exposed, but only that the character of no man in any profession ought to be destroyed unless upon strong evidence from responsible sources.'

▲ Clergyman Indicted for Poisoning his Wife. Among the indictments handed up to the Hudson county court of Oyer and Perminer by the grand jury, last week, was one against the Rev. George B. Vor-burgh, pastor of the Madison avenue (Jersey City) Baptist church, who is charged with having poisoned his wife. The in-dictment was sent to the court of general arter sessions, and yesterday Judge A. Q. Garretson, on application of Hon. A. T. McGill, the county prosecutor, issued a bench warrant for Mr. Vosburgh's arest. It was placed in the hands of Constable Shields, who went at once to the parsonage and informed the reverend gentleman that his presence in the court was required. Mr. Vostine court was required. burgh sent a request to Mayor Seidler and William Robertson, that they become surety for his appearance. They consented, and accompanied the consble and the clergyman to the court. The reverend gentleman was pale and nervous as he walked to the bar. He consulted for a few moments with ex-Gov. Bedle and Hon. Chas. A. Wing-field, his counsel. District Attorney McGill has been requested by them not to read the indictment in full, but merely to state its substance to the accused.

Vosburgh pleaded "not guilty." The
indictment contains several counts; one
charges him with having put tarter etic into his wife's tea; another with aving put into water designed for her e; a third charges him with having put is into her medicines, and there everal common law counts, reiterating other phraseology the same charges. adge Garretson announced that the de-adant would be required to give ball in 4,000. Mayor Seidler and Mr. Roberta became sureties for that amount. x.Gov. Bedle asked that the court fix early a day as possible for the trial. he counsel suggested Monday, May 6th, a suitable day. District Attorney Meseed as speedily as possible, there e other indictments that should be rst disposed of—the cases of Director saistend and others, in which indictistead and others, in which indictents have been long pending, and the set of persons confined in the jail alting trial at the county's expense, said first be put out of the way, and ald not be disposed of in less than three four weeks, and he suggested that a 20th be the day designated by the set. After some further discussion well reached a compromise, and the suppointed Monday, May 13th, as for the commencement of the

For a period of six years my tonsils were ulcerated and so much infamed that I could with difficulty swallow.
